Grant Guidelines

BACKGROUND

The Monterey Peninsula Foundation awards grants to nonprofit organizations that benefit the community in the focus areas of Arts & Culture, Community & Environment, Education, Health & Human Services, and Youth. The Foundation's geographic funding areas include Monterey, Santa Cruz, and San Benito Counties in Central California, with limited grants to organizations in Northern California. The Foundation's principal source of funds is the AT&T Pebble Beach National Pro-Am. The Monterey Peninsula Foundation also administers the Youth Fund, a youth-oriented fund that awards grants to youth-oriented nonprofit organizations and schools in Monterey, Santa Cruz Counties and San Benito Counties. There are separate grant guidelines for the Youth Fund.

GRANTMAKING OBJECTIVES

The Foundation encourages applications that provide significant benefits to the community in the areas of interest: Arts & Culture, Community & Environment, Education, Health & Human Services, and Youth. The Foundation places a higher priority on applications that offer creative responses to the community's most pressing unmet needs and show promise of building ongoing local support for needed services.

Organizations seeking funding should have:

- A broad base of funding support
- Management capacity to effectively execute the project
- A clear, concise plan for project evaluation with outcome measurement
- Collaboration among other service providers

Organizations seeking funding should have a specific program which:

- Addresses a significant funding gap or critical opportunity (such as access for people from low-income areas or for disadvantaged members of the community)
- Has long-term impact in terms of replication or reach
- Emphasizes preventive intervention and education
- Produces measurable results

SCOPE AND TYPE OF GRANTS

Areas of Focus

The Foundation's focus areas are: Arts & Culture, Community & Environment, Education, Health & Human Services, and Youth. The Foundation's Youth Fund is a separate grant fund that awards grants to selected youth-oriented organizations in Monterey, Santa Cruz and San Benito counties. Nonprofit organizations can submit one grant application per twelve-month period to either the Monterey Peninsula Foundation or the Youth Fund, with the exception of colleges and universities, which may apply separately to the Monterey Peninsula Foundation and the Youth Fund.

Types of Grants

The Foundation will consider grant applications for capital projects, programs, and operating support. Grants range from \$10,000 – \$100,000, and may be higher for capital projects or multi-year grants. Grant applications should show strong and realistic financial planning. The Foundation may make matching or challenge grants to help organizations attract wider support.

GRANT REVIEW PROCESS/TIMING

There are no application deadlines; the Foundation accepts grant applications throughout the year. The Grant Committee meets in June and December. The Foundation will consider one grant application per organization in a twelve-month period to either the Foundation or Youth Fund. The exception is for colleges and universities in the Foundation's geographic funding areas, which may apply both to the Monterey Peninsula Foundation and the Youth Fund. After a complete (all submitted materials are current and complete according to the directions) grant application is received, the Foundation Grant Programs staff and Grant Committee review it. As a result of the initial review, additional information may be required from your organization. Site visits may occur after a grant application is determined to be complete. A site visit by the Foundation staff or Grant Committee does not guarantee funding approval. If a grant application does not meet the criteria of the Foundation, the applicant will be notified immediately.

Since applicants should expect up to 90-180 days after submitting an application for determination of any funding, applications should be submitted a minimum of 90 days before an applicant hopes a grant application will be reviewed by the Grant Committee.

RESPONSIBILITY OF GRANT RECIPIENTS

If a grant application is approved for funding, a Grant Agreement outlining the terms and conditions of the grant will be sent, which must be signed by an authorized management official of the grantee and returned to the Foundation. A grantee must use the funds awarded for the specific purpose as outlined in the Grant Agreement. Any requests for a revision in use of funds must be submitted in writing to the Foundation and in turn receive written approval. Funds not used in the manner specified in the Grant Agreement must be returned to the Foundation.

Grant Outcome Evaluation Reports: The Foundation requires that grantees submit a completed Grant Outcome Evaluation Report for any grants previously awarded by the Foundation before a new grant application will be considered. Grant Outcome Evaluation Reports are due within one year of the grant's award date.

OTHER

As a matter of fairness to all applicants and as a courtesy to the Monterey Peninsula Foundation, all questions about applying for a grant should be directed to the Foundation's Director of Grant Programs. It is not necessary or advantageous for your Board or staff members to meet personally with Foundation staff, Board or Grant Committee members before applying for a grant.

Q: What are the deadlines for submitting a grant application?

A: The amount that you request from the Foundation should be proportional to your organizational budget, project budget, and expected income from other sources. It is also expected that there will be other sources of support for the project.
